PETITION TO BE ACCORDED
DECEMBER 15, 2000 FILING DATE

Director of the U.S. Patent and Trademark Office
Washington, D.C. 20231

Sir:

A Notice of Incomplete Application was mailed on January 31, 2001 indicating that this application was filed without drawings. On February 8, a Response to the Notice of Incomplete Application was filed indicating that the drawings were filed with the application on December 15, 2000. Copies of the drawings were again provided on February 8 along with a copy of the U.S. Patent and Trademark Office acknowledgement of receipt of the December 15 application and 27 sheets of drawings (Figs. 1-25). For the convenience of the Office of Petitions, copies of the Notice of Incomplete Application and the Response to the Notice, with the U.S. Patent and Trademark Office acknowledgment of receipt, are attached.

It is respectfully requested that the Response to the Notice of Incomplete Application be considered a petition to be accorded the December 15, 2000 filing date. All the filing formalities were accomplished on that date because drawings were submitted, as indicated by the U.S. Patent and Trademark acknowledgement of receipt (which was provided with the Response to the Notice of Incomplete Application). In addition, the Response to Notice of Incomplete Application authorized the U.S. Patent and Trademark Office to debit Deposit Account Number 15-0461 for any fee associated with that communication. Therefore, the petition fee has been addressed. It is noted, however, that a petition fee should not be assessed to this application because the drawings were filed on December 15, 2000.

It is noted that the Official Filing Receipt for this application indicates a filing date of January 8, 2001 (not February 8, 2001 as might be expected). On that date, the original Declaration was submitted to the U.S. Patent and Trademark Office. The original Declaration corresponded to the facsimile copy of the Declaration filed on December 15, 2000.

When considering this petition, the U.S. Patent and Trademark Office is requested to change the filing date on the Official Filing Receipt from January 8, 2001 to December 15, 2000.

The appropriate official at the U.S. Patent and Trademark Office is invited to contact the undersigned if there are any questions regarding this communication.

Respectfully submitted,

James A. Oliff
